

# 104.9 <sup>the</sup> River

## Prayer Targets

- That God would continue to use our billboards and window stickers to attract more people so that their lives can be changed
- For our hiring process of a graphic designer and web designer
- That new team members (David, Dave, Monessa and Craig) would continue to gel
- That God would clear the path for 4 X 4 service opportunities (where 1049 River Team serves in the community with Board and listeners)
- That there would be a smooth license renewal
- The development of the Foundation (partnering with others in community outreach)
- The successful process and fruition of a north end community park rehab project
- DOMA involvement which empowers women and embraces children in need
- Partnering with Governor's office via city outreach with faith-based community initiatives
- That the music would continue to touch and bring the hope of Jesus in the lives of Central Ohio listeners
- That our prayers efforts (prayer wall, pastor prayer, team praying, various interactions and personal touches etc.) would make a huge difference
